

Full Time Psychiatrist Opportunity

Pembroke Regional Hospital

The mental health program at Pembroke Regional Hospital (PRH) is comprised of comprehensive outpatient services including a psychiatric clinic, Assertive Community Treatment Team, Community Mental Health case management, crisis team and social work counselling services. We also have a 15 bed non schedule 1 Acute Mental Health Unit. We are affiliated with the University of Ottawa and local family medicine residents complete their core psychiatry training here.

There is currently one full-time and 2 part-time members in the Department of Psychiatry and we are interested in expanding our services by recruiting two fulltime Psychiatrists who would be involved in inpatient and outpatient care. We are flexible and innovative and welcome input from potential colleagues on the structure of the program and service delivery models.

PRH delivers a broad range of acute, post-acute, outpatient and diagnostic services to a mixed urban and rural population of approximately 100,000 residents in the Upper Ottawa Valley.

PRH is a full-service medium size community hospital located one and a half hours west of Ottawa and close to Algonquin Park. The hospital provides an array of diagnostic services including Nuclear Medicine, CT and MRI. The hospital is a designated District Stroke Center and has a busy emergency department, seeing 35,000 visits annually. Inpatients are primarily cared for by a Hospitalist program. Full specialist support is provided by Anaesthesia, Internal Medicine, Critical Care, Surgery, Ob/Gyn, Psychiatry, Ophthalmology, Otolaryngology, Orthopedics, Physiatry and Urology.

Pembroke Regional has a well-established referral protocol with local tertiary care centres in Ottawa.
